

# Tomato Juice and Vegetable Juice Cocktail

Retail Specification  
And Nutrition Facts

Effective Date: December 3, 2015

Page 1 of 2 pages

## STYLE DESCRIPTIONS

Tomato juice is the unconcentrated liquid from mature red tomatoes to which salt is added. In addition, Ascorbic acid (Vitamin C) is added to meet 120% of the Referenced Daily Intake (RDI). Reconstituted tomato juice is made from tomato paste, water and salt. It also meets 120% of the RDI for vitamin C.

Vegetable juice cocktail is made from mature red tomatoes to which are added salt, spices, seasonings, lemon juice and ascorbic acid (Vitamin C). Reconstituted vegetable juice is made with the same spice and seasonings package but also contains tomato paste and water. Vegetable juice cocktail meets 120% of the RDI for vitamin C.
