

28 Oz Tomato Strips in Puree

TT4P

Tomato strips in puree shall be prepared from vine ripened tomatoes that have been washed, hand sorted for quality and peeled. A full-bodied puree made from fresh tomatoes is used as a packing medium. The sealed containers are cooked to ensure commercial sterility then cooled prior to stacking.

The finished item has a moderately soft but not mushy appearance characterized with readily discernable cut pieces of tomato. It has a bright red color and is practically free from extraneous plant material and objectionable defects.
