PRODUCT SPOTLIGHT

ORGANIC PINEAPPLE

Canned pineapple is one of the top selling canned fruit products. Organic pineapple has little to no private brand penetration making this the perfect addition to your shelf set.

CHUNKY CUT TOMATOES

Tomatoes are steam peeled and cut into a larger size than petite diced or diced products. The “chef-ready” 1” size provides added variety to the product mix.

ORGANIC PEACHES

Peaches are one of the top selling canned fruit items. Adding an organic offering provides another option for the environmentally-conscious consumer.

MULTIPACK CANNED FRUIT & TOMATOES

Delivering a larger volume quantity option in a convenient package.

MULTIPACK FRUIT BOWLS

Delivering a larger volume quantity option to a simple, single serve, fruit snack.
